# .36 TEXAS STRAIGHT BOURBON

STRAIGHT BOURBON WHISKEY	ALC. BY VOL. <b>48%</b>	PROOF <b>96</b>
--------------------------	----------------------------	--------------------

**.36 Texas Straight Bourbon** is our flagship whiskey, handcrafted in small batches, aged in traditional large oak casks and matured under the Texas sun. It's an award-winning sipping bourbon that's also cocktail friendly.

Each batch follows our grain-to-glass philosophy. Texas corn is milled, sour-mashed, fermented, double-distilled, and aged at our **San Antonio** distillery. With 70% corn and **rye** as the flavor grain it is a bold bourbon with a sweet, smooth body and spicy finish.

Our casks has a medium-to-high char level and light toast to best age in the warm Texas climate, which with 120 degree summer rackhouse days create a unique Texas "terroir".

## NOTES
