Texas Rimfire is our single malt scotch-style whiskey, aged in our own used bourbon barrels. Smoked with Texas Mesquite instead of peat, it is a lightly smoked, well-balanced sipping whiskey.

Each batch uses approximately 500 pounds of malted barley that is hand-smoked in-house, using our unique cold-smoking technique. The smoked grain becomes part of the mash, creating a delicate well-balanced spirit, familiar to single malt whiskey drinkers, yet completely unique to Texas.

A few drops of water help to enhance the smoke and highlight the mesquite flavor.
